## ALPHA

M. H. Moriarty, of Crystal Falls, and A. J. Waffin, of Iron River, were at Alpha last Thursday, to attend the trial of Mrs. S. Rossi, who was accused of conducting a blind pig at this village. She was declared not guilty.

Chas. E. Lawrence and C. S. Hopkins, of Palatka, and M. E. Richards, of Crystal Falls, were Alpha business callers on Wednesday.

The Judson Mining Co. has decided to have eight more new houses erected in the near future.

The dance given at the pavilion last Saturday night was very well attended, a large number of people from Crystal Falls being present. Cook's orchestra furnished the music, and will also furnish the music for a dance at Amasa tonight.

Harry Anderson made a business trip to Amasa yesterday.

Harry Rice, accompanied by Miss Esther Carlson and brother Andy, returned from a motor trip to Carney on Monday.

Otto Gullard and Wm. Aitken made a fishing trip to Indian Lake last Tuesday.

Marshall F. O. Rochon and wife, of Florence, spent Wednesday at Alpha with friends.

Mr. and Mrs. B. O. Vollandorf and baby are at Tomahawk, Wis., this week, visiting with friends.

How to Give Good Advice  
The best way to give good advice is to set a good example. When others see how quickly you get over your cold by taking Chamberlain's Cough Remedy they are likely to follow example. This remedy has been in use for many years and enjoys an excellent reputation. Obtainable everywhere.

Until further notice all persons are requested to boil city water before using as the intake is broken, which makes it unsafe for drinking purposes.

## Notice!

### Village Taxes Now Due!

PAY YOUR TAXES NOW AND SAVE MONEY. THREE PER CENT ADDITIONAL WILL BE CHARGED AFTER SEPTEMBER 23.

PAY TO PETER GARRIGAN AT BANK BUILDING.

OFFICE HOURS FROM 9 TO 3  
FRIDAYS FROM 9 TO 6

**Peter Garrigan**  
DEPUTY TREASURER.

There being no further business on motion meeting adjourned.

W. J. Gribble,  
City Clerk.

Edmond About was once invited to the house of the Princess Mathilde, and before dinner, seated beside his hostess, he was sending off a brilliant display of oratorical fireworks. Looking up, he noticed that the Count Neuwackerke was coming over to join in the conversation. "Go away," he called to him familiarly. "Leave us alone, you great, jealous person!"

At which the princess rose, touched her finger to the bell and said to the servant: "Conduct M. About to his carriage. He is not dining here tonight!"

Old Churchyard Inscription.  
The following quaint inscription is taken from a monument in a London churchyard:  
To the memory of Emma and Mary Littleboy, the twin children of George and Emma Littleboy, who died July 16, 1785:  
Two Littleboys lie here,  
Yet, strange to say,  
These Littleboys are girls.

Baseball.  
Baseball was founded on the old English game of "rounders," but bears hardly any resemblance to it in its present form. The first regular baseball team, called the Knickerbocker club, was formed in New York in the year 1845.

How to Give Good Advice  
The best way to give good advice is to set a good example. When others see how quickly you get over your cold by taking Chamberlain's Cough Remedy they are likely to follow example. This remedy has been in use for many years and enjoys an excellent reputation. Obtainable everywhere.

FOR SALE:—Property. Inquire of Stanley Ckeech, Tobin location.

Keeping up with the procession is not enough for the General—he must lead. And lead he does—in volume, quality and price. The General's leadership is due to the enormous resources at his command—the five m's of modern manufacturing—men, money, mills, machinery and materials.

Men who have learned the roofing business through years of practical experience are in charge of every department of the business. Men who have made a life study of the blending of asphalts comprise the General's Board of Expert Chemists.

Money—the means to promote efficiency, increase out-put, reduce cost, prevent waste—is at the General's call in abundance.

Mills—the largest roofing mills in the world are the General's. They are advantageously located at points where cost of fuel, access to raw materials and quick distribution of finished products are most favorable.

Machinery—the most modern known to the roofing business, equips each of the

General's enormous mills. Not a dollar is left unspent which would speed up production, increase quality or lower costs.

Materials—the food of the mills—is bought by the General in enormous quantities, and stored. This means the pick of the market and favorable buying, and no loss from idle machinery, due to shortage of materials.

Thus the success of CERTAIN-TEED Roofing is no secret, but is due to a combination of resources and experience without parallel in the roofing business.

CERTAIN-TEED is made of the best quality roofing felt, thoroughly saturated with a scientific blend of soft asphalts, the formula of the General's board of expert

chemists. It is then coated with a blend of harder asphalts, which keeps the inner saturation soft and prevents the drying-out so destructive to the ordinary roof.

CERTAIN-TEED is guaranteed for 5, 10 or 15 years, according to ply (1, 2 or 3). Experience proves that it lasts longer.

CERTAIN-TEED is made in rolls; also in slate-surfaced shingles. There is a type of CERTAIN-TEED for every kind of building, with flat or pitched roof, from skyscraper to small residence or out-building.

CERTAIN-TEED is sold by responsible dealers all over the world, at reasonable prices. Investigate it before you decide on any type of roof.
